Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance:

The primary reason for the indication of the allowability of claims 1-11 is the inclusion therein of the limitations of a multi-channel recording head, comprising a plurality of recording channels arranged in one direction; and spare channels arranged away from said recording channels by an integral multiple of the channel pitch said recording channels on the extension of an array of said recording channels, said spare channels being arranged as least as many as the number said recording channels, and each spare channel having the same physical resolution as the resolution of said image to be recorded. These limitations are neither suggested nor taught by the prior art of record, alone or in combination as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
